Single Parents

Being a parent is one tough job, especially when you are a single parent. However, parenting is full of rewards, beautiful moments, laughter and fun. This is what Bob told me when he interviewed nannies from A-1 Domestic a few years ago. His desire to find someone who will care and love his son the way he does was of utmost importance to him.

His colleague, who had previously hired a nanny or babysitter from A-1 Domestic, referred Bob to us. He was determined to find a nanny who will teach his son good values, morals, ethics and provide help with homework. Because of Bob's hectic schedule and his responsibility as a single father, he had become overwhelmed and stressed.
